Hi Tanya,

Bob Pender is in your offices this week for the coordination meeting. He has a spreadsheet which shows additional funding needed for Rolling K in the 3rd quarter (April) of about \$60k. Similar to the last request for funding, we don't expect any more large efforts similar to completing the HHRA report. However, field work oversight does use up a lot of money quickly.

Please let me know if you have any questions.

Thank you,

Amy
